Flexible Costs

Aerial DigiCam is a competitive business that maintains every effort to be the first choice for professional aerial photographic services.

Residential Portfolio

Prices start from £65. This includes:

- a single siting of the vehicle
- capture of images – approximately 10 -15 pictures
- production of a CD containing the images in jpeg format

Digital rendering of images (i.e. removal of movable objects such as cars, waste bins etc) or re-positioning of the vehicle on site for additional images costs £35. If you require printed photographs rather than jpeg files, this can be done for a small additional cost depending upon size and quantity.

Commercial Portfolio

This can be as little as £250 depending on the complexity and scale of the task. The cost includes:

- re-positioning of the vehicle in up to 3 locations
- capture of images – approximately 30 - 35 pictures
- digital rendering of images i.e. removal of movable objects such as cars, waste bins etc
- stitching together of multiple images to create a panoramic view where required
- production of a CD containing the images in jpeg format

Events

For £325, Aerial DigiCam can create a unique record of weddings, festivals, parties, fairs and corporate events. We will capture digital photographs of the guests and the setting to help you preserve the atmosphere as well as the images of your special occasion.

- re-positioning of the vehicle in up to 3 locations
- capture of images – approximately 50 pictures
- a selection of group pictures and casual shots of your choice
- digital rendering of images i.e. removal of movable objects such as cars, waste bins etc
- stitching together of multiple images to create a panoramic view where required
- production of a CD containing the images in jpeg format
- 8 large prints (9" x 6") and 3 extra large prints (12" x 8")
- up to 2GB of images loaded onto a memory card (SD, microSD, etc) or USB memory stick of your choice for use in your mobile phone, computer or digital photo frame
